

Travel Clinic

We do not offer a travel clinic. For further information about travel vaccinations go to <https://www.fitfortravel.nhs.uk/home> and <https://www.gov.uk/foreign-travel-advice>. You can also contact your pharmacy or local travel clinic.

Travel advice for registered patients

1. Please note that our nurses no longer provide travel advice.

The patients can book in with the Practice Nurse to receive TETANUS, HEPATITIS A and TYPHOID Boosters – as these vaccines ARE provided by the NHS for Public Health Services – all Travel health advice and other vaccines must be provided by a private travel clinic.

Anyone travelling abroad who wishes to know about travel needs to go to a **Private Travel Clinic:**

Fit for travel - <https://www.fitfortravel.nhs.uk/home.aspx>

Nathnac - <https://nathnac.net/>

Masta health – <https://www.masta-travel-health.com/>

Foreign and Commonwealth office - <https://www.gov.uk/government/organisations/foreign-commonwealth-office>

In Burnham :

Masta Travel Clinic
Day Lewis Pharmacy
Love Lane
Burnham on Sea
TA8 1EU
Tel: 0330 100 4106

In Weston:

Boots
Summer Lane
Weston Super Mare
Somerset
BS24 7AY
Tel: 01934 525048

You can request a printout of the vaccine record that we hold in the surgery on the electronic notes – this may not include all of the vaccines you have received or vaccines that may be recorded in your paper notes.

If you have complicated medical conditions - you could book in with your GP to discuss your health in regards to travel. **However** - this is not a 'Travel appointment' and deals with your health, rather than the fact that you are travelling to a specific place.
